EXPERIENCE

Full Stack Development Intern at Saiket Systems

01/2026 – 03/2026

- Completed a **Full Stack Development** internship, delivering production-ready features using the **MERN Stack** (MongoDB, Express.js, React.js, Node.js).
- Built and deployed **RESTful APIs** with **Node.js** and **Express.js**, ensuring robust **authentication**, **authorization**, and secure data handling.
- Developed responsive **React.js** frontend interfaces, improving user engagement through clean **UI/UX** design and component reusability.
- Integrated **MongoDB** for scalable **database management**, designing optimized schemas and queries that improved data retrieval performance.
- Utilized **Git & GitHub** for version control and collaborated with the team following **Agile** workflows, demonstrating strong **problem-solving** and communication skills.

Frontend Developer Intern at Intern Geek

11/2025 – 12/2025

- Developed and optimized **responsive web interfaces** using **HTML5**, **CSS3**, **JavaScript (ES6+)**, **Bootstrap**, and **React.js**.
- Implemented dynamic, **component-based architecture** with **React.js**, improving code maintainability and reusability across the platform.
- Enhanced **page load performance** and **Core Web Vitals** scores by applying lazy loading, code splitting, and asset optimization techniques.
- Collaborated cross-functionally with backend developers, integrating **RESTful APIs** and ensuring seamless **end-to-end** data flow.
- Practiced **Git-based version control** workflows, participating in code reviews and maintaining clean, well-documented codebases.
